The hunting experience was fantastic, very professional, and challenging. Hunting with Shenandoah Safaris is not the typical experience you might get in South Africa. Masoud Yousefi - Irvine, California, USA

My family had an amazing experience with Shenandoah Safaris! We hunted with our teenage Goddaughters and they were able to successfully take their first African animals with Shenandoah! The entire staff showed remarkable patience and were great with the girls. We cannot recommend Shenandoah highly enough! Lisa Carter Leah – USA

I met professionals at work when I first arrived, I had new found true friends when I left them. Anything from pick up and information about the region, to the wonderful lodge with a true spirit and atmosphere of the Great African Continent and the wild bush environment, is just mesmerizing. Falco Salmo - France.

The hunting experience, all 4 species Kudu, Impala, Gemsbok & Red Hartebeest I hunted I had different experiences full of adventure and adrenaline with all four of them. Now I have big game under my belt and lots of amazing stories to tell my folks, I'm a happy man! Shenandoah Hunting Safaris Highly recommended! Sardar Ali Karma - Pakistan.
